

Annual Meeting

The California Budget Challenge A Presentation and Interactive Discussion

Wednesday, June 1, 2011 • 5:45 – 8:45 PM

Richard D. Trudeau Training Center
11500 Skyline Boulevard
(Between Joaquin Miller and Redwood Roads)

Take the California Budget Challenge! Our featured speaker will be Sarah Henry, Program Officer with Next 10. She will lead us in an interactive simulation known as the California Budget Challenge that provides information and choices to help us decide how we would balance the state budget.

The California Budget Challenge is a nonpartisan simulation of tough choices that state lawmakers are currently facing in trying to balance the state's \$90 billion General Fund budget. With the interactive simulation we will get to decide how much we would spend on various programs and where the money should come from.

Next 10 is an independent nonpartisan organization that encourages Californians to think about the next ten years and beyond. Next 10 develops tools to help residents become more educated and engaged about the critical issues facing California and one of those tools is the California Budget Challenge. Join your fellow League members and interested guests for this informative simulation following dinner and the business portion of our Annual Meeting.
